The MULTIMEDIA GROUP

OFFICIAL STATEMENT – QATAR 2022 NoN-EXCLUSIVE RADIO RIGHTS

Multimedia Group Ltd. (Adom FM, Asempa FM, Nhyira FM, Luv FM, Joy FM) wishes to inform its cherished listeners and partners that we are unable to bring you the live radio commentary of the quarter finals of the Qatar World Cup.

This is as a result of an exparte interlocutory injunction that Ghana Broadcasting Corporation (GBC) has placed on us, even though Multimedia Group Ltd. is also authorised to run radio commentary of the tournament from the license holders. We are advised by our legal team to abide by the court's ruling as we seek redress.

We want to assure all our partners and patrons that as a law-abiding entity, Multimedia Group Ltd. would not have broadcast the radio commentary of the World Cup matches without obtaining the appropriate rights and permission.

Signed:

Management
