FOR IMMEDIATE RELEASE

TEMA
17th January, 2026

WAPCo PLANNED MAINTENANCE: GOVERNMENT ASSURES MINIMUM DISRUPTION.

The Ministry of Energy and Green Transition and the Ghana Grid Company LTD. (GRIDCo), have been formally notified by the West African Gas Pipeline Company (WAPCo) of scheduled mandatory maintenance works on its gas facilities in Ghana.

The maintenance exercise is planned for Sunday, 18th January 2026, from 6:00a.m. to 3:00p.m. As a result, there will be a temporary interruption in gas supply to thermal power plants located in Tema during this period.

The public is assured that this maintenance activity is essential to ensure the continued safety, reliability, and integrity of the gas supply infrastructure.

Adequate alternative fuel arrangements have been put in place to guarantee the continuity of power generation and to maintain a stable electricity supply throughout the duration of the works.

PRESS STATEMENT

Stakeholders across the energy value chain will remain actively engaged and will closely monitor the exercise to ensure its successful completion.

Any inconvenience that may arise during this period is deeply regretted, and the cooperation and understanding of the public are sincerely appreciated.
