

## **PRESS RELEASE**

**TO: ALL MEDIA HOUSES**  
**For Immediate Release**

**27<sup>th</sup> March, 2026**

### **ECG TO COMMENCE TRANSFORMER REPLACEMENT AND UPGRADE EXERCISE IN PARTS OF ACCRA**

The Electricity Company of Ghana (ECG) wishes to inform our cherished customers and the general public that, following approval by the Hon. Minister for Energy and Green Transition, Hon. Dr John Abdulai Jinapor (MP), ECG will commence a major transformer replacement and upgrade exercise in selected parts of Accra.

This intervention forms part of ongoing efforts to enhance the reliability, stability, and capacity of electricity supply across the country.

The exercise will begin with the replacement and upgrade of twelve (12) power transformers across six (6) primary substations located in Adenta, La, Teshie-Nungua, Nmai-Dzor, Baatsonaa, and Lashibi. These transformers will be upgraded from 20/26 MVA to 30/39 MVA, significantly improving load-handling capability and reducing system overloads in these fast-growing communities.

The first phase of the programme is scheduled to commence on Wednesday, 8<sup>th</sup> April 2026 and is expected to be completed by Friday, 10<sup>th</sup> April 2026.

To ensure the safety of ECG personnel and the successful execution of the works, the exercise will involve brief planned power outages in the affected areas.

A detailed schedule outlining the planned activities, expected durations, outage periods, and the specific communities to be impacted has been prepared. It will be made available through ECG's official communication channels and other appropriate platforms.

ECG assures customers that every effort will be made to minimise the duration and impact of these outages. Residents and businesses in the affected areas are kindly advised to take note of the published schedules and make the necessary arrangements.

This upgrade programme represents a critical step toward strengthening infrastructure, improving system resilience, and delivering a more reliable and efficient electricity service to all customers.

ECG appreciates the patience, understanding, and cooperation of the public as it undertakes these essential improvements.

**SIGNED**  
**DR CHARLES NII AYIKU AYIKU, APR**
