

BOAKYE AGYARKO WELCOMES DELEGATES TO KUMASI, THE CRADLE OF OUR TRADITION!

Fellow Patriots, Gallant Kukrudites, and Distinguished Delegates of the Great New Patriotic Party. On behalf of my campaign and the countless grassroots party faithful across the country, I extend a heartfelt Akwaaba to each one of you as you arrive in Kumasi for our historic National Annual Delegates Conference and National Executives Elections.

You have journeyed from the coastal shores of the South, the rolling hills of the Eastern and Volta belts, the vast agricultural heartlands of the middle belt, the resilient savannahs of the five Northern regions, and from external branches across the diaspora. You have come out of deep love, personal sacrifice, and unyielding loyalty to the elephant family. You are the lifeblood, the strength, and the unshakeable foundation of the New Patriotic Party.

As we gather under the inspiring banner of “One Party, One Purpose: United for Victory,” our mandate this weekend is crystal clear: to reset, rebuild, and position the NPP for a resounding, decisive victory in 2028.

A LEADERSHIP OF PURPOSE: TOGETHER, WE R.I.S.E.

To win in 2028, we cannot rely on business as usual. We need tested, fearless, and principled leadership that puts the party’s grassroots first. My pledge to you rests on four pillars. Together, we R.I.S.E.:

R: Reconciliation & Genuine Unity. Healing our internal wounds, banishing factionalism, and restoring the fraternal bond and mutual respect that define our great tradition.

I: Integrity of Our Constitution & Discipline. One rule book for all members regardless of status, safeguarding party rules, and ensuring justice, transparency, and fairness across all structures.

S: Support for the Grassroots. Moving beyond empty rhetoric to tangible support. We will institute year-round welfare packages, structured capacity building, and direct, predictable logistical resources for polling station and constituency executives who carry the burden of our campaigns.

E: Election Readiness for 2028. Building an impenetrable, modern election and ballot-security architecture from every single polling station to deliver a decisive presidential victory for Dr. Mahamudu Bawumia and a parliamentary majority.

TESTED IN SERVICE, LOYAL IN EVERY SEASON

I do not ask for your trust on promises alone. I have served this party and this nation, including as Minister for Energy. I have contested within our party, accepted its verdict with grace, and never left the trenches. I have stood with the NPP in victory and in opposition, because the party has always been bigger than any one of us. That is the unity I will bring to the Chairman's office.

MY CHARGE TO YOU: PROTECT OUR BOND, VOTE FOR INTEGRITY

As we engage in this democratic exercise, let us conduct ourselves with the dignity, peace, and mutual respect befitting the proud heirs of the Danquah-Busia-Dombo tradition. Let us celebrate our fellowship as one elephant family, look out for one another's welfare throughout our stay in Kumasi, and emerge from this conference stronger, indivisible, and battle-ready.

When you step into the voting booth, vote for character. Vote for tested courage. Vote for a Chairman who will serve you, respect you, and fight for your dignity.

Enjoy the warm hospitality of Asanteman. May the Almighty God bless your stay, protect your travels, and grant our great party victory!

Vote Number 4 on the Ballot Paper. Aseε hɔ!
Together, We R.I.S.E. The NPP Must Rise Again!

Boakye Kyeremateng Agyarko
Candidate for NPP National Chairman
