

PUBLIC ANNOUNCEMENT (DURAPLAST LTD.)

Fire and smoke distress — this is how October 1st began at one of our sites.

We are deeply grateful to God that the situation has been brought under control, with no further threat to our operations.

Management and staff would like to express our sincere appreciation to the AMA and the Mayor of Accra, National Fire Service, Ghana Police Service, Ghana Armed Forces, NADMO, ECG, Ghana Water and all other security agencies who responded swiftly and worked tirelessly to fight and contain the fire.

We are equally grateful to our neighbours and members of the community who came to our rescue and supported us during this difficult moment. Your prompt response and solidarity meant a great deal to us.

To our cherished customers, partners, and other stakeholders, we sincerely appreciate your concern, patience, and continued support. We wish to assure you that work will resume on Monday, October 5, and we will continue to keep you informed of all developments.

Every challenge leaves its mark, but it does not define our story. From the ashes, the rubble, and the dust, we will rise again — stronger, better, bigger, and more determined than ever. Like the phoenix, we rise not simply to return, but to rebuild, renew, and soar.

You know what we say right, where Duraplast goes, water flows!

Signed: Management, DURAPLAST LTD.
